“It is with great pleasure that I share with you both how completely delighted and satisfied we were with every aspect of our reception Saturday night.

From the moment we met Jennifer, we were extremely impressed. Her ever present smile, her patience with us, her quick responses to all requests, her organizational skills, HER ENTHUSIASM about weddings, were simply wonderful. What a delight! She had wonderful ideas, many of which we used. She remained patient with us as we asked endless questions, and presented endless requests! It seemed like we were in regular communication with her...in spite of the fact that I know she had countless other receptions and such, she always made us feel as though our reception was the only one she had, and there was never a delay in her communication with us. She had the initiative to take our floor plan to the chef, and, together, they made wonderful suggestions and improvements.

Our reception ran like clockwork. The food was "to-die-for", as many of our guests commented. The service was stellar, and we had lots of compliments about the serving staff (so polite, so efficient etc). But, as the MOB, I was thrilled to have Jennifer be so involved during the event. She hardly stood to the side and "managed"...she was right in there with everyone, highly visible, highly accessible, catered to the bride and groom and their parents throughout the evening. Several guests, especially my family, said they never could remember attending a reception, where they immediately knew who was in charge. My sister said she hoped Jennifer wore a pedometer, since she was on-the-go all evening, but that smile just stayed on her face!

Our dreams came true...above and beyond our expectations. Our reception looked and tasted entirely different from our friends'. Our friends, too, were impressed with Jennifer, and had told us we were in for a treat to work with her.

I also feel you should know that all of our vendors (cake, flowers, and especially, photography), adore Jennifer. They have called her “a breath of fresh air, so nice, so professional, dependable, fair and easy to work with, approachable and friendly...not snobby.” All of them have worked at the Westin before...some for many, many years, and they are so pleased to be working with Jennifer.

Our guests are still calling me to tell me how much they loved the reception. One of our guests, who will be having a reception next spring, even told me, "I think we booked the wrong venue...wish we'd come here!" Thank you so much for having a truly wonderful staff...they treated us all like royalty. It was a once -in- a -lifetime experience for my daughter, and Jennifer, the chef, the serving staff, housekeeping, the valets, the front desk--literally every Westin employee we came in contact with, was fantastic.”

“My name is Jennifer Curtis and I although I missed the deadline for commenting online regarding my recent wedding at the Westin in Greenville, SC, I would like to take a moment and tell you the staff there is absolutely wonderful! From the very beginning, my husband Jim and I just knew that we would celebrate our very special day at the Westin, mostly because your wedding liaison, Jennifer Davis, was so incredible. She was extremely attentive throughout the whole process, very accommodating to changes that arose during the process, and when it came to the actual wedding day, she was absolutely stellar, ensuring that my needs as well as those of my guests were her priority. She made us feel very special and because of that, our wedding went off without a hitch! Of course, Jennifer couldn't have done it by herself, and all the support staff on your team helped her to make my dreams a reality. Thank you EVER so much for keeping the quality of the hotel at its best and for providing the perfect historical backdrop to our most perfect wedding day!

With sincere gratitude and thanks.”

“The Westin did an outstanding job with our daughter's wedding reception. All of the staff was professional and competent. The room was designed and set up in a way that created a flow and optimal seating for our guests. The wait staff was efficient and pleasant while attending to the needs of our guests. The food and wine were exceptional and served expediently. During the months of planning, Jennifer Davis answered all our questions and was always available. During the reception, she was excellent in overseeing all details with grace and cheer. We thank all the staff who made my daughter's wedding reception extraordinary.”

Gore/Hunt wedding, August 2009

“My daughter and my new son-in-law were married on April 18, and we had the reception in the Gold Room at the Westin Poinsett. I just wanted to send you a note to thank you and all of your staff for an excellent job. We are still receiving compliments from our guests about the great time, great food and the entire organization of this event.

A couple of special thanks should be mentioned in this note. We had a food tasting with Chef a few months ago and we were highly impressed with the presentation, quality and flavor of the food. He continued to work with my daughter and son-in-law on meeting their expectations on their menu and how they wanted to have the food presented. In my opinion, all of the food was excellent, the food stations worked out great and the tortellini was the best ever.

The other star in our opinion was Jennifer Davis. We only worked with her for around a month prior to the wedding due to a personnel change at the Westin. Jennifer "hit the ground running", had meetings with us to review all of the wedding plans and made some fantastic recommendations that helped make the wedding reception a fun event and memorable event. She focused her energy on making Megan and Matt happy and comfortable and this great attitude spread through our guests.

I am so pleased that I am able to write this positive note to you about our daughters wedding and my wife, Beth, and I again thank all involved for a great experience.

Best Regards,

Dave Brotherton”
